# ESET® Smart Security

Protecting your computers from Internet threats shouldn't end at work. If you or members of your family are typical, you surf the Net, download files, share photos, play games and exchange email. How can you trust your system is safe? It is no longer an option to simply hope your computer won't be attacked. It is essential to proactively protect yourself from Internet threats and "malware".

ESET Smart Security is a tightly integrated security solution that keeps PCs safe. Built on the award-winning ESET NOD32® Antivirus and its powerful ThreatSense® engine, ESET Smart Security also provides antispyware, antispam and customized firewall features. ESET Smart Security detects and disables viruses, trojans, worms, adware, spyware, phishing, rootkits and other malware. In fact, statistics show that if you are not protected, it takes only minutes to become infected. Can you really afford not to be proactive with your protection?

ESET Smart Security's comprehensive, proactive protection has only a minimal impact on your system. You won't experience a slowdown when you add ESET Smart Security. After a quick and easy installation, it runs quietly in the background, freeing you and your family to enjoy a safe and protected computer experience.

Key Benefits

Proactive Protection	Award winning ThreatSense technology combines multiple layers of detection protecting you from Internet threats before it is too late. The included **antispam** and **personal firewall** features provide you with a total security solution.
Precise Detection	Accurately identifies known and unknown threats. Consistently wins top awards from testing labs and recognized for having zero false positives. *
Lightweight	Requires less memory and CPU power, allowing your computer to run fast and make more room for games, web browsing, and emailing.
Fast	A highly efficient program ensuring fast file scanning and product updates. Runs quietly in the background.

*AV–Comparatives.org, December 2007

Best Detection

- ESET is the leader in proactive threat protection, with more *Advanced+* awards for superior threat detection than any other vendor since May, 2005 *
- ThreatSense® technology detects more than 75% of new, unknown, threats heuristically – before a signature update is available. It detected most variants of MyDoom, Netsky, Bagel and Mytob heuristically **
- ESET ThreatSense is the only antivirus technology that has not missed a single In-the-Wild virus in rigorous Virus Bulletin VB100 testing since May, 2002 ***
- ESET has the only product with zero false positives in retrospective tests conducted by AV-Comparatives ****

Fastest Performance

- 40 MB/sec average scanning rate on Windows XP x64 ***
- Up to 34 times faster than the leading brands under Windows XP ***

ThreatSense® Technology

PROACTIVE DETECTION	REACTIVE DETECTION	MALWARE PROPAGATION (INFECTED MACHINES)

0 HOUR	1st HOUR	2nd HOUR	3rd HOUR	4th HOUR

BEFORE OUTBREAK	ZERO-DAY OUTBREAK	SAMPLES SENT TO AV COMPANIES	SIGNATURE UPDATES	CUSTOMERS BEGIN TO DOWNLOAD

Minimal Resource Utilization

- Optimized engine uses approximately 40 MB memory on average
- Uses less than 80 MB of disk space

Documentation

The product comes with the following documentation:
- Product Quick-Start Guide (PDF for download)
- Operating System Integrated Help (F1-key)

System Requirements

Processors supported:	Intel® or AMD® x86 and x64
Operating Systems:	Microsoft® Windows® 2000
	Microsoft® Windows® XP (32 and 64-bit editions)
	Microsoft® Windows Vista® (32 and 64-bit editions)
Memory:	35 - 40 MB, on average
Disk Space (download):	18 MB
Disk Space (installation):	80 MB
